

Linton Heights Junior School School Closure Procedures Policy Inclement Weather and Other Emergencies

In the case of extreme weather, any decision whether to close the school will be taken as early as possible. The Headteacher will consult with staff from 6:30am and decide about whether school will remain open by 8am. In the event of disruption caused by heavy snow the prime concern of the school must always be the safety of the pupils and staff. Each school closure is logged daily after reassessment of conditions of the site and the surrounding area and the supervision of pupils.

Emergency Closures outside the school day (e.g. snow closures)

Once a decision has been made to close the school, the following actions will take place. We will announce the closure on the Linton Heights Junior School website <http://www.lintonheightsschool.co.uk>. Local radio stations will also be informed. If you look at the school website or tune into these stations and there is no mention of Linton Heights Junior School closing, then we are open for business as usual. In addition, a message will also be added to the school's Facebook page. This is the means by which we will communicate with all parents and ***I urge you not to phone school because we need to keep the telephone lines clear for staff.***

Therefore, if it is possible that the school may be closed due to bad weather, please check the school website as detailed above and/or tune in to one of the radio stations. If you hear that the school is to be closed, it is always helpful to contact others you know to check the message gets through effectively.

Emergency Closures within the school day

If the school must be closed during the school day, the school will begin a procedure for contacting parents as soon as possible that the school is being closed, via email and the Linton Heights Junior School website.

In such occasions, our main aim is to ensure the safety of the children on the school site whilst waiting to be collected.

Decisions to close the school

The decision to close the school is a serious one. Our main consideration will always be the health and safety of our children and staff. Please be aware that all schools are different and can be affected by such situations in different ways, depending on whether children come to school by bus or whether staff live a long way away etc.

Safety of the site

Parts of the site will be gritted whenever frost is forecast. Other parts will remain closed off.
